"Fight Them; Allah Will Punish Them by Your Hand"

Audio Statement by the Official Spokesman of the Islamic State

The Mujahid Shaykh Abu Umar al Muhajir (May Allah Preserve Him)

Praise be to Allah, the Strong, and Sturdy, who grants honor to the muwahhidin and shame to His enemies the kuffar, and peace and blessings be upon who was sent with the sword as a mercy to the Worlds, and all of his Sahabah and followers until the Day of Judgment. As for what comes after:

We congratulate the soldiers of the Islamic State and its commoners and the Muslim public on the blessed month of Ramadan. Allah said: "The month of Ramadan [is that] in which was revealed the Qur'an as guidance for the people and clear proofs of guidance and criterion. So whoever sights [the new moon of] the month, let him fast it; and whoever is ill or on a journey - then an equal number of other days. Allah intends for you ease and does not intend for you hardship and [wants] for you to complete the period and to glorify Allah for that [to] which He has guided you, and perhaps you will be grateful" (Al-Baqarah: 185). His Prophet, peace and blessing be upon Him, said: "He who fasts during Ramadan out of faith and for reward, will have his sins which passed and which are to come forgiven" (Al-Bukhari and Muslim)

One State with United Conquests

The unbelievers and the hypocrites had been trying, throughout the past years, to undermine the unity of the Islamic state and break up their ranks, and accordingly, they adopted every means of deception and conspiracy for this purpose, and they spent huge budgets for that, but all of attempts are vein, and all praise is due to Allah. On the contrary, exactly the opposite happened as the Islamic State kept continuing, in rows as a united community, through its efforts and Jihad for the sake of their Allah, upholding His word through the support of His religion and the establishment of His law.

The unity of the Islamic State was an outcome of their continuous conquests launched by it all the time. No sooner had the Islamic State announced a new offensive than all Wilayat and guerrilla groups, in all areas and in all Wilayat of it, started the competition with each other for responding to that call both individually and collectively. This is a living and practical manifestation of the unity and solidarity of the Islamic State.

All conquerors of the Islamic State, in a single row led by one Commander, echoed the voice of the Commander from one corner of the world through the other. This has been bestowed by that Lord ﷻ only who gave this blessed state upper hand in those conquests. And in this regard, the Khalifah Abu Bakr al-Baghdadi, may Allah accept him, said: "It is noteworthy that this coordinated campaign of the Islamic State manifests the specialty of it, in the history of the contemporary Jihad, which has been characterized by the coordinated campaigns launched by the Mujahideen in Iraq shortly prior to the declaration of the Khilafah, and it was the grace of Allah ﷻ, special success, and sublime payback from Him, which He ﷻ gives it to whomever He ﷻ wants. We can say with certainty that this blessing and success came out of our firm holding to the Book and Sunnah, and sticking to the congregation, about which we have been commanded. Indeed, it is itself a great achievement."

These united conquests have been escalated following the announcement by the unbelievers to eliminate the Islamic State, when these were compelling response to those illusions and hopes of the unbelievers. Also, these united conquests are serious and practical steps on the road to breaking the boundaries between the countries of the Muslim Millat in all corners of the earth; the borders that tore those countries apart, eliminated the unity of the Muslims, spoiled their religious and worldly life, and distorted their standards of al-Wala and al-Bara; the borders that contended the tyrannical governments which deployed thousands of soldiers to guard, protect, and maintain their poisonous grip on the chests of the Muslims Ummah, while the Islamic State strives to break it and remove it from the hearts and lands of the Muslim Ummah, we did that to our ability and will keep doing so, Bi'dnillah.

One of the outcomes of these coordinated conquests is that the Islamic State has made, according to their ability, all the sons of Islam familiar to the way of Jihad, where it has been repeatedly inciting the believing brothers, who were obstructed by numerous obstacles in their path of Hijra, to rush to participate in its unified conquests, to open up new fronts in the faces of the tyrants ruling by the laws of Kufr and safeguarding the same in their countries, and to lie in wait amid the houses of Jews and Christians to make them victims of their surprise attacks, and this is the blessing of the Khilafah that made Jihad easier for all Muslims everywhere, as it never bounds its Jihad to certain times and places. And it is also from the fruits of these coordinated conquests that the Mujahideen have entered into such operational fields which were not possible to be entered into prior to these conquests that heavily entangled the enemy forces and their armies as they have indisputably failed to thwart these coordinated attacks. It hasn't been a long that the unity of the Islamic state was so apparent, through the announcement of the appointment of Khalifah Abu al-Hasan al-Hashemi al-Qurashi, may Allah protect him, that can hardly be mistaken by eyes, and the pledges of allegiance to him were noticed instantly and sequentially from all directions, while those were manifested through the advancement of Jihad as per the newly announced coordinated conquests- a translation of the verbal pledges into the language of the practical field of Jihad. This is the unity and harmony through which the Mujahideen are fulfilling their religious obligation, and about which Sheikh Abu Omar al-Muhajir, may Allah protect him, said: "Your unity and your rushing to give bay'ah to Amirul-Muminin warmed our hearts and angered the hearts of the enemies and humiliated them. May Allah be pleased with you and reward you the best of rewards. Go on as Allah ﷻ has ordered you, defend His allies and fight His enemies. By Allah, you are the tall mountains that steady the jihad on the earth from East Asia and Khurasan to West Africa, and from Europe in the north to Yemen in the south, and from the knights of rhetoric who are keen on spreading the media, and the supporters who fill the world with the news of the State of Islam. We prefer no one over the other, as all of you are angering the kuffar and twisting their hands day and night."

The unity of Muslims is a religious duty and the Islamic State achieved it by declaring the Khilafah which exposed the lies of the so called Jihadi organizations and groups and stripped their slogans which were nothing more than empty! These organizations and groups, which fled with the very beginning of the real test, have been chanting empty slogans for the unity of the nation for decades! But they never actually tried to realize the concept of unity of the Muslim Ummah. They neit'/her tried for it nor did they achieve it. They became addicted to division and insisted on changing their goals and its principles once or twice a year only for survival! They used to change their principles owing to foreign pressure, support, and financial aid. Yet, they keep talking about the unity of the Ummah! One can't give which he doesn't possess! How can they unite the whole Ummah when they are actually unable to unite even their own ranks! They can never ensure unity of others, being disunited among them provided that they are not even the bearer of Tawheed. Rather, they even fight against Tawheed and treat that as a burden and alien entity! Unity is in the Prophetic method, not in methods of flattery and concessions. The unity of this Ummah is in congregation not in division, and the unity is in Khilafah not in disputes. The soldiers of the Khilafah brought about the living example of the unity and harmony, about which people heard and read the pages of History, from Diyala to Kabul and from Homs to Africa.

So, oh the conquerors of the Khilafah! So praise Allah ﷻ, for the blessings and pure grace that have been bestowed upon you from Him. It is only the loftiness of Allah ﷻ that He ﷻ has bestowed upon you from perseverance in His way. And be thankful to you Lord through working hard without being tired in safeguarding all frontlines of Islam, and Allah ﷻ is an excellent Ally and the donor of success.

"Fight Them; Allah Will Punish Them by Your Hand"

The Audio Statement by the Official Spokesman of the Islamic State
The Mujahid Shaykh Abu Umar al Muhajir
(May Allah Preserve Him)

Praise be to Allah, the Strong, and Sturdy, who grants honor to the muwahhidin and shame to His enemies the kuffar, and peace and blessings be upon who was sent with the sword as a mercy to the Worlds, and all of his Sahabah and followers until the Day of Judgment. As for what comes after:

We congratulate the soldiers of the Islamic State and its commoners and the Muslim public on the blessed month of Ramadan. Allah said: "The month of Ramadan [is that] in which was revealed the Qur'an as guidance for the people and clear proofs of guidance and criterion. So whoever sights [the new moon of] the month, let him fast it; and whoever is ill or on a journey - then an equal number of other days. Allah intends for you ease and does not intend for you hardship and [wants] for you to complete the period and to glorify Allah for that [to] which He has guided you, and perhaps you will be grateful" (Al-Baqarah: 185). His Prophet, peace and blessing be upon Him, said: "He who fasts during Ramadan out of faith and for reward, will have his sins which passed and which are to come forgiven" (Al-Bukhari and Muslim)

May Allah help you fast and pray the night of this month. This month is also the month of conquests and heroic acts, so show Allah what pleases him O mujahidin, beginning from the words of our Lord where He said: "Fight them; Allah will punish them by your hands and will disgrace them and give you victory over them and satisfy the breasts of a believing people" (At-Tawbah: 14), and following the Sunnah of our Prophet Muhammad, Peace and blessing be upon Him, who said: (By the one who controls my soul, I wish to go on conquests for the sake of Allah and be killed, then go again and be killed, then go again and be killed" (al-Bukhari and Muslim). Fulfill the promises we made to avenge our imams and leaders. Having optimism in this blessed month, we declare, putting trust in Allah and asking Him for support, and not depending on our strength, a blessed conquest, if Allah wills it "The Battle to Avenge the Two Shaykhs," Shaykh Abu Ibrahim al-Hashimi al-Qurashi and Shaykh Muhajir Abu Hamza al-Qurashi, may Allah accept them.

O lions of the Khilafah and heroes of Islam everywhere, if you have seen that war has gained heat, then seek it and you will be victorious if Allah wills it. Seek vengeance and be patient. If you hit, then hit hard, and if you slaughter, terrorize until everyone who allowed himself to fight the religion and the mujahidin takes heed. And kill the heads of kufr, as they never fulfill a promise, and do not care for the soldiers, as they have no value. If you kill them, then do so in large numbers, until if their masters need them they will not find any. Pounce like a lion and do not fear their weaponry, conquer them while relying on Allah, and avenge your imams against the enemies of Allah.

Stand up O heroes of the State of Islam
Draw your swords to split the heads
Against the Kuffar raise every blade
Until the ground is filled with corpses
We have promised to kill from them
As vengeance for a mujahid and an imam

Our first message: to the lions and the best of the best, the soldiers and leaders, the mujahidin of the State of Islam, we deliver to you the greetings of Amirul-Mumimin and the Khalifah of the Muslims, Shaykh Mujahid Abul-Hasan al-Hashimi al-Qurashi, may Allah protect him. We say to you, may Allah bless you and your jihad and your obedience, your unity and your rushing to give bay'ah to Amirul-Muminin warmed our hearts and angered the hearts of the enemies and shamed them. May Allah be pleased with you and reward you the best of rewards. Go on as Allah has ordered you, defend His supporters and fight His enemies. By Allah, you are the tall mountains that steady the jihad on the earth from East Asia and Khurasan to West Africa, and from Europe in the north to Yemen in the south, and from the knights of rhetoric who are keen on spreading the media, and the supporters who fill the world with the news of the State of Islam. We prefer no one over the other, as all of you are angering the kuffar and twisting their hands day and night. But we mention the people of battle, the stallions of West Africa and the conquests they are recording in history that have shoved the noses of the murtaddin and the Crusaders in the dirt while they are fending them off and breaking their campaigns one after the other, by the grace of Allah alone and with success from Him, glory be to Him. We say to these heroes:

In West Africa are the heroes
They conquered the enemy's army and mobilized as they wish
They broke the cross and tore apart its henchmen
It is a killing, the horror of which makes children go gray with its mention

Remain steady O worshipers of Allah, as you are defending your religion and honor. Do not let the worshipers of the cross and the murtaddin beat you. Mention Allah every time you meet them. Allah said: "O you who have believed, when you encounter a company [from the enemy forces], stand firm and remember Allah much that you may be successful" (Al-Anfal: 45).

We advise you, O lions of the Khilafah in all the Wilayat, to be pious in secret and public, and have patience over hardships, do not fear that your numbers are small, and do not become arrogant if your numbers are large. Know that we are fighting the people until they worship Allah and do not worship anything else besides Him. It is an invitation for them with weapons and tongues. Do not become tired by the long route or by the hurdles you encounter, for they will only last in this lifetime, and then "On the Day when every soul will come disputing for itself, and every soul will be fully compensated for what it did, and they will not be wronged" (An-Nahl: 111).

As for you, our brothers and sisters who are held captive everywhere in the world, to get you out and seek to free you and ransom you with souls and money is our duty and a debt around our necks. It is the promise we made unto ourselves as long as a vein in us is still beating and an eye can still blink. Truly, to free you in honor is among our highest priorities. We want to take a promise from you that you will be patient and pray for us that Allah will grant us victory. All of us must ask Allah alone for support, as we are helpless without Him the Almighty. So do not think that the long duration and the many troubles will make us forget you. By Allah, you are in the depths of our hearts and the blackness of our eyes:

In prison, I have brothers of honor
I will not forget their rights as long as I live
Every time a call from them is heard
The heart is filled with noise
Our sisters humiliated by the horror
So I prepare my sword
And prisons filled with men
Who refuse to live without dignity
O heroes of jihad, stand up
To rescue my brother and sister

To every brave lion and zealous man, we advise you and invite you and ask you, by Allah the Highest, not to tire or bore from continuously working to free your brothers and sisters, wherever they are, and not to let a day pass without planning and preparing to free them, either by force or by ransom. Do not feel hopeless and do not spare any effort. Seek out those who hurt them, and torment them to be made an example, as the disgraced and the little men have dared to push against dignified muwahhidin. Did they not know that the dignity of the mujahidin is forbidden to encroach upon and that there are men who do not sleep on oppression? It is only that Allah sees your good intent and your sincerity and your effort in trying to free them until He supports you in achieving that and opens for you the doors of His grace and victory. O Allah, break the shackles of our prisoners with your strength, O our Lord, the Strong and Mighty.

Our second message: to those who relapsed, who walked the path of jihad and tasted its sweetness, and knew the mujahidin and cohabited with them, and saw the graces and miracles Allah granted them, then they chose the worldly life. Do you not fear from Allah that you disobeyed and abandoned the Jama'ah in the harshest of times? Have you not heard the Hadith of the Messenger of Allah, peace and blessings be upon Him, in which He said: "He who abandoned his Bay'ah will meet Allah on the Day of Judgment without an excuse"? What happened to you? Do you think that Paradise is a guarantee for you that what you did is sufficient? Or is the world ruled by the Shari'ah of Allah and so you finished? Or are you tired of jihad and its long path? Did you find comfort in neighboring women and children? Did you prefer your life over supporting the religion of Allah! Or are you just cowards and made up excuses to escape? Do you not know that Allah knows what the heart conceals? Know that your returning to the Jama'ah is better for you than remaining humiliated and tossed around by desires, afraid to be pointed at that you used to be soldiers in the ranks of the Islamic State so your enemies will not devour you. If you prefer your fleeting life over the eternal life, Allah is not reliant on anyone, so repent and come back to the ranks of the mujahidin, support your Muslim brothers, and fight the enemies of the religion.

The war is not over yet, so why did you

bind your horses? Do not think that we said what we did because we are suffering in our numbers. By Allah, that is not the case, as we are well and the soldiers become more with victory and less with disappointment, not by the numbers of men. We said what we did out of pity and to advise you, as you have priority when giving advice. Did I deliver? O Allah, bear witness.

Our third message: to the Ummah of Islam and its children who are sitting back from jihad, satisfied with humiliation and enslavement. Here are the rulers of your countries the tawaghit rushing to please the Jews, setting up meetings and agreements. This is nothing new, as their agency to the Jews is old. However, it became public after the circumstances allowed it after the tawaghit saw the submission of their people and their strong love to live. They revealed their fangs and the fakeness of their claims became apparent, slamming to the ground all the slogans they held against the Jews and in support of the Palestinians. Let everyone know that Bayt al-Maqdis will only be freed by the hands of the muwahhidin and the worshipers of Allah the mujahidin, not by the hands of the tawaghit and their followers the slaves of politics, benefits, and desires, who change their principles according to what their masters tell them. The only principle they never change is their enmity towards Islam and Muslims and their war against the worshipers of Allah the muwahhidin. The men of the Islamic State, may Allah glorify it, have revealed their nakedness and their lies, and showed the people their agency and kufr, that they are mere puppets controlled by the Crusaders and the Jews. What is strange is how the followers of these tawaghit and their supporters bear with their violent fluctuations in their politics and principles and makeup excuses for them, going from the furthest right to the furthest left. The fools think it is strategy and cunning, but in reality, every time they open for them a new door to hell and invite the people to go through it using their scholars of deception, despite their blatant kufr in replacing the laws of Allah with the laws of the United Nations and other made up laws which suit their desires. They try very hard to drag the people to kufr every day.

After the heresy of interfaith dialogue, they came up with a new religion they called "the Ibrahamic religion". We do not know which Ibrahim they mean. If they mean Prophet Ibrahim, peace be upon him, then we testify that he is innocent from them and their kufr and shirk. Only an enemy of Allah who rejects His prophet would ask to put all the religions into one. Allah said: "Whoever seeks other than Islam as a religion, it will not be accepted from him". It was their nationalism and patriotism of shirk which they believe that invited them to that kufr, which is the basis on which they classify people. It is not a religious basis, but a regional mortal basis. Thus, they make equal a Muslim and a kaffir if they came from the same place, and they give them the same rights. Allah said: "Then will We treat the Muslims like the criminals? What is [the matter] with you? How do you judge? Or do you have a scripture in which you learn? (Al-Qalam: 35-37).

They even encourage them to love and support each other no matter their religion. And if the Muslim is from another country, they make nationality the basis of al-Wala' wal-Bara', may Allah forbid that. Recently, they came out with a new old claim, which is to put the Rafida Shi'ite and the Ahlus-Sunnah together, claiming that the war in the past years was because of radicals from both groups (as they claim), and that they are children of the same religion with different sects. Whoever claims that the kuffar are his brothers and that the Rafida mushrikin, whose shirk is not hidden from anyone and who publicly curse Umm al-Muminin and the Sahabah, may Allah be pleased with them, that they are his brothers in nationality and his partners, by Allah, they really are his brothers and he is their partner in being tortured in the Hellfire, and what a horrible outcome.

Is it this much that the tawaghit feel so light about you and your religion, O children of Islam? What state have you reached and what humiliation rested in your hearts? How much does your love for this worldly life feel more important than your religion and dignity? By Allah, if you do not wake up and go back to your religion, the kuffar and mushrikin will wreak havoc on you, and they will humiliate you until you can not raise a head. Is there a greater humiliation than being ruled by the laws of the tawaghit, that Allah did not grant any authority, over your women, giving them rights which the kufr nations set to prevent you from protecting and maintaining them! Woe to the grandchildren of the conquerors, and woe to the children of the Muslim tribes who refused oppression and humiliation and broke the emperors of the Persians and the Romans. How are they being enslaved today for this worldly life and its lusts!

To the children of Islam living under the oppression of the tawaghit, you will find in the Book of Allah that the reward for jihad is better for you than everything in this worldly life, and in jihad is what the Muslim is to love and have, and it is the winning trade which Allah guided us to and saved with it from shame and granted honor and glory. So shake off the dust of humiliation and ask the true King for support and fight every cowardly taghut. If you refuse, our Lord, glory be to Him, said: "Say, [O Muhammad], 'If your fathers, your sons, your brothers, your wives, your relatives, wealth which you have obtained, commerce wherein you fear decline, and dwellings with which you are pleased are more beloved to you than Allah and His Messenger and jihad in His cause, then wait until Allah executes His command. And Allah does not guide the defiantly disobedient people" (At-Tawbah: 24).

Our fourth message: to the kuffar and mushrikin, to the atheists and murtaddin, and to everyone who fought Allah and His Messenger and made enmity with His worshipers the muwahhidin, and fought the State of Muslimin. To any of you who have some hearing or some brains left, revise your position before you dig your own grave. If you forgot, we will remind you, that we are not fighting you for money or control or authority or a piece of dirt or nationality or mortal life. We are fighting you for 'La Ilaha Illa Allah, Muhammad Rasul Allah,' the word of tawhid, which for it the earth and the skies became. We fight you for the word of Allah to be the highest, and the word of the kuffar to be the lowest, until we remove shirk and cleanse the earth from it until Allah is worshiped alone without partners, and until the laws of Allah rule among the people, and Hudud are established, virtue is promoted, vice is prevented, and the made-up laws and constitutions to which you refer are blown away, along with all the heresies made by humans and people of lust, the followers of Shaytan. This is what we are fighting you for and have fought you and will fight you. By Allah's permission, either Allah will complete this for us, or we all get killed trying to achieve it.

Know that for you to join Islam is more preferable for us than to kill or displace you. We invite you to Islam before we get a hold of you. If you refuse and choose kufr and disobedience and aggression, then we have nothing for you but a wielded sword, ferocity, and harshness, and there is no escaping death. We are certain that Allah will enable us to kill you and will grant us victory with His might, and that we will bring back the Islamic Shari'ah everywhere from which the mujahidin pulled back, by Allah's permission, despite those whose nose is already in the dirt.

Our final message: to those who left the battlefield empty for a while, the people of might and courage and every war torch, who made Europe, America, and many Crusader countries dizzy with their blessed operations, and made them stand on one foot in a constant state of emergency, where as soon as the kuffar know of the trail of a hero or a mujahid over there, they announce a curfew. Has the field become empty from those men, or could wombs not give birth to any more heroes like them? Stand up O zealous men, may Allah have mercy on you, to the fields which your predecessors filled with terror. Bring back the killings, the stabbings, and the running over. You have a good example in your brothers in Bayt al-Maqdis, who have hurt the Jews with their blessed operations a few days ago, and showed the world that there is a huge difference between those who fight and get killed for the sake of Allah and to elevate His word, and those who fight and get killed for the sake of fake national slogans. The first will be rewarded by Allah, and the second by his nation and party, if they could provide any good or bad to him. We ask that Allah accept our brothers in the highest ranks of Paradise.

So walk on their path, O children of Islam, and carefully choose your targets and monitor them, as they are many. Select what hurts the Crusaders and Jews the most and initiate and depend on Allah. Here is your chance today. Europe is on a hot plate seeing war on the horizon, and here are the Crusaders cutting each other's necks. Allah has told us about them, saying: "And from those who say, "We are Christians" We took their covenant; but they forgot a portion of that of which they were reminded. So We caused among them animosity and hatred until the Day of Resurrection. And Allah is going to inform them about what they used to do" (Al-Ma'idah: 14).

It is a war that we ask Allah not to end until the worshipers of the cross are burned and their reign is torn down by their own hands, so they would taste what the Muslims tasted because of them and by their hands, may Allah paralyze them. The Crusaders in Europe and America fear that the warhorses reach their land, and attempt to push war away as hard as they can, as they know how horrible it is. But the arrogance of the Russians and their savagery and their attempt to bring back the glory of the "Soviet Union" and make a multipolar world, as they claim, is forcing the Europeans and Americans to join them little by little, and on their side they are trying to recruit everyone and make them participate so the losses are spread out. We do not know the future to claim that this is a major war, but the signs are there, and Allah does what He pleases. Thus, we ask Him to keep them busy with each other, split them apart, and make their hostility towards each other severe.

O Allah, grant glory to Islam and Muslims, and humiliate shirk and the mushrikin, and destroy Your enemies, O Lord, the enemies of the religion.

O Allah, split them apart, tear down their reign, and enable us to get their throats, as You are the Capable and the Worthy.

Our last prayer is all praise is due to Allah, the Lord of all creation.

4 To the kuffar and mushrikin, to the atheists and murtaddin, and to everyone who fought Allah and His Messenger and made enmity with His worshipers the muwahhidin, and fought the State of Muslimin. To any of you who have some hearing or some brains left, revise your position before you dig your own grave. If you forgot, we will remind you, that we are not fighting you for money or control or authority or a piece of dirt or nationality or mortal life. We are fighting you for 'La Ilaha Illa Allah, Muhammad Rasul Allah,' the word of tawhid, which for it the earth and the skies became. We fight you for the word of Allah to be the highest, and the word of the kuffar to be the lowest.

5 To those who left the battlefield empty for a while, the people of might and courage and every war torch, who made Europe, America, and many Crusader countries dizzy with their blessed operations, and made them stand on one foot in a constant state of emergency, where as soon as the kuffar know of the trail of a hero or a mujahid over there, they announce a curfew. Has the field become empty from those men, or could wombs not give birth to any more heroes like them? Stand up O zealous men, may Allah have mercy on you, to the fields which your predecessors filled with terror. Bring back the killings, the stabbings, and the running over.
